PROGRAMME DETAILS

ABOUT NATIONAL PRODUCTIVITY COUNCIL

National Productivity Council (NPC) is a national level organisation promoting productivity culture in India. Established as a registered society by Government of India, NPC is functioning under Ministry of Commerce & Industry. It is an autonomous, tripartite, non-profit organisation having equal representation from government, employer and worker organisations and from technical and professional institutions on its Governing Council. NPC provides consultancy and training, and undertakes research in the areas of productivity besides implementing productivity promotion programmes of the Tokyo based Asian Productivity Organisation (APO), an inter-governmental body of which Government of India is a founder member.

INTRODUCTION

The enabling role of the e-Governance & Advance IT Tools encompassing Information and Communication Technology in the delivery of services in the public and Government Sector has gained acceptance. 'SMART' Governments and citizen's empowerment have become buzz words for the policy makers.

e-Governance & Advance IT Tools has become a vital part of many successful Government programmes and schemes as the opportunities are large and benefits are significant. Successful implementation of e-governance requires the ability and willingness to re-engineer the Government processes and the skills to manage large scale change in addition to technological infrastructure.

Further, as Advance IT Tools becomes integral part of getting work done at the workplace, Government organizations would have to transform in Digital Organizations. As in e-governance the Citizen comes first, like wise in a Digital Organization, the employee comes first. So for any transformation that takes, the relentless focus is on employees. In capacity building of employees on the subject "e-Governance", NPC is organizing the program.
